

Eni i-Ride Special 20W-50

APPLICATIONS

Eni i-Ride Special 20W-50 is a lubricating product formulated with high quality bases, designed for four-stroke engines that are fitted in newly-manufactured motorcycles. This product is suitable for on-road and off-road driving, and is able to guarantee maximum performance even under extreme engine operating conditions.

CUSTOMER ADVANTAGES

- The good detergent and dispersing properties of **Eni i-Ride Special 20W-50** effectively minimize the formation of lacquers, sludge and other types of deposits. This product prevents the piston rings sticking and prevents the precipitation of the suspended substances.
- The anti-wear properties of this product allow a long service life of the moving parts, reducing engine maintenance and overhaul.
- **Eni i-Ride Special 20W-50** has a strong resistance to the deterioration of its characteristics and in particular to the oxidative phenomena resulting from prolonged exposure in high temperature conditions and in the presence of air and other agents.

Eni i-Ride Special 20W-50

CHARACTERISTICS

Properties	Method	Unit	Typical
Density at 15°C	ASTM D 4052	kg/m ³	856
Viscosity at 100°C	ASTM D 445	mm ² /s	19.0
Viscosity at 40°C	ASTM D 445	mm ² /s	172
Viscosity Index	ASTM D 2270	-	125
Viscosity at -15°C	ASTM D 5293	mPa·s	9000
Flash point (COC)	ASTM D 92	°C	240
Pour point	ASTM D 97	°C	-18
